Edvance360

Communication Tools

Audio/Video Conferencing

Use E360 Live!™ to deliver live content via full video conferencing suite of tools integrated in the system.

Audio/Video Notes

Record audio and video notes as feedback to students or announcements within courses and communities.

Blogs & Journals

Share thoughts, ideas, opinions, and experiences.

Collaborative Communities

Provide a collaborative space for learners to work together toward a purpose; full suite of tools provided; can be made private, public within the school, role-based, and mandatory.

Dashboard/Homepage

Use the dashboard provided on the Edvance360 homepage to reduce clicks in the system and searches for items needing attention or response.

ePortfolios

Build an ePortolio to share with potential colleges.

Live Chat

Chat live via course chat tool; all conversations recorded.

Mailbox

Send messages via Edvance360 Mailbox; students determine where and how messages reach them; tracking provided for read/unread and deleted/not deleted messages.

Mobile Access

Access Edvance360 via streamlined mobile site and apps.

Parent Portal

Provide parents with access to their child(ren)'s grades, courses, resources, calendar, communication from teachers, etc.

Secure Social Network

Build relationships with other users in a secure, academic environment; parents can control access.
